

## HYDRAULIC DUMPERS

### MODEL PD25

Our container dumper provides a cost-effective, safe and ergonomic way of dumping materials out of boxes, gaylords, carts or hoppers. It has a capacity of 2,500 pounds and a dumping height of up to 70". This heavy-duty, low-cost machine can be modified to dump most any width container. It is perfect for dumping containers containing cardboard, paper, glass, plastic or any other recyclable or raw material. The unit can be loaded by a forklift, hand cart or by pallet jack.

## STANDARD PRODUCT FEATURES

- Stainless steel construction
- Single phase motors
- Safety cage with interlock
- Other sizes and capacities
- Power up and down standard
- Free standing
