

SHREDDER DUST COLLECTORS

MODELS DC-1100 & DC-2100 & AIR FILTRATION SYSTEM

DC-1100 and DC-2100 shredder dust collectors were designed to integrate with our Series 1, 2 & 3 industrial paper shredders but they may be utilized with any comparably sized industrial paper shredder, regardless of the manufacturer.

The AMS air filtration system was designed to help reduce possible odors and/or contaminants from escaping into the atmosphere during hard drive destruction.
