

## VERTICAL BALER

### MODEL B4

With 8,800 lbs. of press force, a deep stroke, and efficient retainer dogs, the B4 is a dynamic machine that has many more features than the standard small footprint baler.

- Automatic ejection system
- Full bale indicator light
- Very low noise level (<60 dB)
- Low overall height (6.5 ft.) and small base area (3 ft.)
- Finished bales weigh 85 - 155 lbs.
- Easy and convenient operation in front of baler

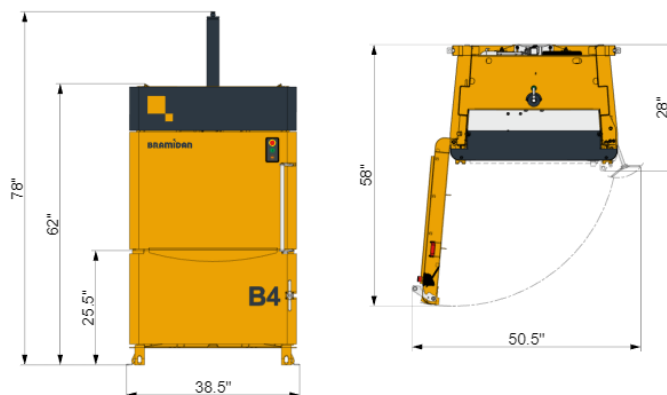

## FEATURES

### POWERFUL AND COMPACT

The B4 is a small machine that packs a powerful punch with a high press force and an automatic ejection system.

### SAFE TO OPERATE

Users safely eject finished bales using the two-hand ejection system.
