

VERTICAL BALER

MODEL PC24 HD

The PC24 HD baler is suitable for smaller recyclers, breweries, bottling plants etc. With a single full penetration, heavy duty cylinder, this baler is ideal for even the most rigid materials.

- Heavy duty machine
- Very dense bales
- Donation style door for easy loading
- Completely enclosed chamber with liquid reservoir
- Option for regular paint instead of galvanized
- Compliant with ANSI and UL standards

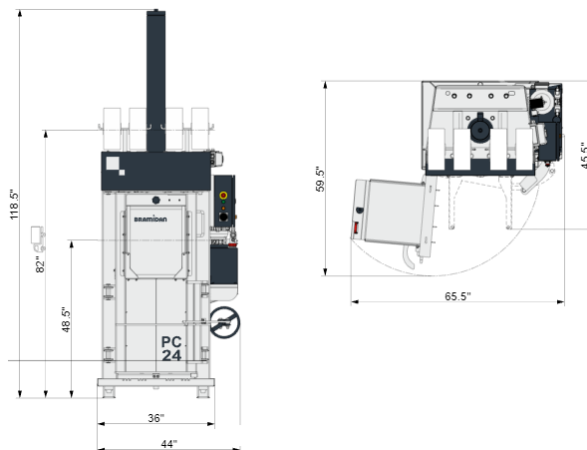

FEATURES

EXTRACTION OF LIQUIDS

The PC24 HD is not only capable of baling your cans or plastic bottles, it will also capture any liquid residue in the collection reservoir at the bottom of the machine.

ALUMINUM CANS AND PET BOTTLES

The PC24 HD will crush aluminum cans so densely, you do not need to tie off the bale to get it to stick together.
