

## VERTICAL BALER

### MODEL X10 HD

The X10 HD is low-profile baler that is perfect for locations with a limited amount of space.

- Efficient and compact
- Low overall height (75 in.) with internal cross cylinders
- Fast cycle time
- Press force of 22,000 lbs.
- Small footprint (52 x 41 x 75 in.)
- Durable compaction
- Available in both single-phase and three-phase power packs
- Safely open lower door with turnbuckle

## FEATURES

### POWERFUL PRESS FORCE

The X10 HD is a small and compact machine with a powerful press force that's unique for its size.

### SAFE EJECTION PROCESS

The ergonomic two-hand ejection sequence safely ejects the finished bale and eliminates risk for injury.
