

ROTATOR BOXES – RUGGED SERIES

The Rugged Rotator Box is designed for the collection and storage of bulk and scrap material. This box can be dumped using a forklift equipped with a rotational fork attachment. The standard model is made of all welded carbon steel with drain plug and 4-way fork entry.

FEATURES

- 10 gauge steel bottom & 10 gauge steel formed sides. Box tube fork openings for superior strength with skid plates.
- Drain & plug standard.
- Four-way entry.
- Roura safety green paint.
- Options: Steel hinged cover, steel removable cover, casters, crane eyes and tarps
- Custom sizes are available upon request
