

PAINT CAN, PAIL & FILTER CRUSHER

TEEMARK SUPER 6PJ

Full cans and pails with lids on are opened, emptied (by EPA Definition) and crushed in twenty seconds or less by the Super 6PJ and cans are automatically ejected out the back. It processes up to 180 containers per hour and can handle a wide variety of container types and sizes ranging from pints to 6 gallons.

- Explosion Proof – NEMA Class 1, Div. 2, Group D
- Will not crush if the door is open
- Crusher stand provides 35" of clearance for a 55 gallon drum
- Liquids that are squeezed from containers are collected in a 55 gallon drum or in a tote

Multi-Purpose Crushing

These machines crush six-gallon pails and most anything that is small. Oil filters and a variety of pails and cans are all crushed by these units. These crushers open closed containers and drain the contents before crushing them flat.

Crushing Force of 30,000 Pounds

Crushes steel containers so you can put up to 15 crushed cans in the space required by a whole can. Also, opens, empties and crushes plastic containers.

Options

- Vapor Control • Carbon Filtration • Mega Piercer • 5HP, 208-230/460V, 3 Phase, 11-10/5A
