

## ELECTRIC WIZ-KID DEHEADER

Ideal for use with industrial drums and/or for deheading drums that will be reused.

### Benefits:

- Electric propelled
- Inside chime cut
- Safe, burr-free edge
- Low to moderate drum volume
- Self-propelled operation minimizes operator effort and risk of back strain
- Least expensive powered deheader on the market
- Clears all bungs - minimizes drum preparation and speeds deheading process
- Much lighter than the industrial lines - 34lbs
- Fast, quick deheading
- Easy to use with no drum preparation
- Quick cutter wheel changeout
- Can be used right or left handed
- Lightweight and portable
- Ergonomically designed
- Durable and long lasting
- Minimize operator effort and strain
- Better mount and traction on drum
- 30-55 gallon steel drums up to 16 gauge
- Affordable – pays for itself

### Electric

The Electric WIZ-KID moves itself around the drum making an inside cut leaving a burr-free edge by folding the metal toward the chime. Designed for low drum volume.

- Baldor Motor: low speed, high torque, fan cooled gear motor
- .09 HP, 115V or 230V, AC 50/60HZ
- Includes coiled cord
- On/off switch for ease of use
- UL/CSA/CE compliant
- Weight – 34 lbs.
- Dimensions – 32" x 12" x 12"
