

RECYCLING SELF-DUMPING HOPPERS

Use Roura's self-dumping industrial hoppers to efficiently transport and dump refuse. Made for recycling applications, each of these commercial self dumping hoppers features a generous load capacity and allows for effortless operation while seated on a forklift truck. Lightweight plastic lids keep transported material dry to combat odor and pests. Choose from many caster and wheel set options for optimal functionality. Enjoy a long-wearing, industrial enamel finish in a wide range of colors. These hoppers are available in both 36-inch and 72-inch widths.

MODEL RRH-36

FEATURES

- 7 gauge thick steel back and 12 gauge bottom & sides with continuous weld for superior strength.
- 12 gauge thick steel top for harsh weather climate.
- Light weight double wall plastic lid cover for easy access.
- Z-bar base with exclusive extruded trunnion track & taper pins for wear resistance.
- Steel iron lift up release handle with secure flip latch (RRH-36) or ductile iron lift up release handle with secure flip latch (RRH-72).
- Roura safety green paint.
