

VERTICAL BALER

MODEL B6030

The B6030 baler is easy to use and has a wide feed opening that is ideal for large cardboard boxes.

- Extra wide chamber (>60 inches)
- Compacts large bulky materials
- Tie off finished bales with metal wire or polyblend strapping
- Lowest noise level in the market (<62 dB)
- Full bale light notification
- Automatic ejection of finished baler

FEATURES

HEAVY BALE WEIGHT

Compact cardboard, paper and soft plastic into 1,000 pound mill-size bales with the large 60 inch chamber.

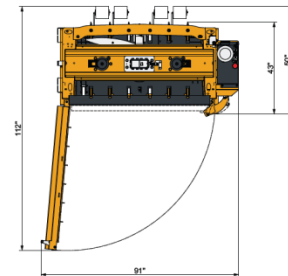

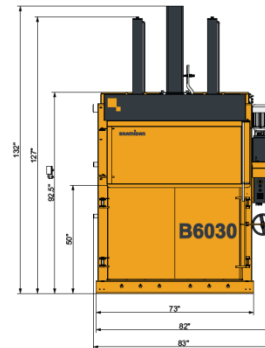

HIGH COMPACTION RATIO

An even amount of pressure applied to the material results in a compact and dense cardboard or plastic bale.

OPTIONAL

SLIDING DOOR GIVES YOU HANDS-FREE DOOR OPENING

Enjoy automatic door opening. The sliding door stays open by default which makes it convenient to fill the baler. You close it manually.
