

# DRUM CRUSHER

## DC60-E50 with DRUM CUTTER

### Multipurpose Drum Crusher / Packer / Splitter

- Slice the drums into 4 pieces for nesting to improve baling capability
- Split the drums into 4 pieces for better baling
- The split drum pieces can be nested and banded together for more economical shipping

The slicer head is easily interchangeable with the standard crushing head so you can crush your steel & plastic drums but also slice your plastic drums into four sections so they can be nested and baled if required.

### Universal Head

The squeeze head consists of two easily interchangeable plates. The larger diameter plate is for crushing all sizes of cans and drums. The smaller plate is for compacting inside 55-gallon steel or fiber drums.

**We offer four electric motor choices and a gasoline and diesel power engine. Custom modifications and a full line of accessories are available to meet any special requirements.**

## SPECIFICATIONS

**Dimensions:** Outside – 32”w x 32”d x 114”h | Inside – 28”w x 28”d x 48”h

**Shipping Weight:** 2,350 pounds

**Cylinder:** 5” bore, 2.5” rod diameter, 44” stroke, 60,000 lb. ram force
