

PAINT CAN, PAIL & FILTER CRUSHER

TEEMARK SUPER 6M

The Super 6M Crusher can crush 1/2 Pint to 6 Gallon Containers in twenty seconds. This machine can crush six-gallon pails and most anything that is small. Oil filters, small propane tanks and a variety of pails and cans are all crushed by the Super 6M. When crushing one container per cycle, the Super 6M can crush up to 150 containers per hour. This Crusher excels at crushing small propane tanks.

Crushing of open paint cans takes place on a grate allowing liquids to pass through for collection in a drum. Volume reduction up to 15 to 1. (Explosion Proof – **NEMA 1, Group D**)

Multi-Purpose Crushing

These machines crush six-gallon pails and most anything that is small. Oil filters and a variety of pails and cans are all crushed by these units. These crushers open closed containers and drain the contents before crushing them flat.

Liquid Collection Capability

Liquids that are squeezed from containers are collected in a 55-gallon drum or in a tote.
